PROFILE INFO

Detail-oriented and experienced Audio Annotator & Transcription Specialist with over 5 years of experience in speech-to-text annotation, transcription, and linguistic review. Skilled in correcting pre-transcribed text using professional transcription tools, maintaining high accuracy and speed. Fluent in English with a strong grasp of grammar, syntax, and linguistic nuances. Committed to delivering quality annotations 10–30 hours per week while meeting deadlines in fast-paced environments.

EXPERIENCE

Feb 2024 – Present

Audio Annotator & Transcription Specialist

Appen Global - Remote

- Annotated and transcribed large volumes of audio data for AI model training in English.
- Reviewed and corrected machine-generated transcriptions for accuracy, fluency, and context.
- Applied annotation tags for noise, speaker identification, and language-specific markers.
- Consistently exceeded 98% accuracy benchmarks across multiple projects.

Aug 2022 – Dec 2023

Freelance Transcriptionist

Rev.com – Remote

- Transcribed audio files for academic, business, and legal clients with strict turnaround deadlines.
- Reviewed automated transcriptions, improving efficiency by reducing error rates by 25%.
- Delivered over 1,200 minutes of accurately transcribed audio with high client satisfaction ratings.

May 2021 – Jul 2022

Linguistic Annotator (Contract)

Lionbridge AI (now TELUS International) – Remote

- Performed linguistic annotation of audio datasets for natural language processing (NLP) projects.
- Collaborated with global teams to maintain consistency across large-scale data labeling tasks.
- Used internal transcription platforms to segment, label, and review audio datasets for training AI.
